

CIMUSET

Paris, 08/07/2010

Dear colleagues,

As you know we will have during the general ICOM conference in Shanghai our elections to the Cimuset board. The calendar is a call for candidatures four months before elections, the publication of list of candidates two months before elections.

You will find enclosed a « Nomination form » and a « Letter of acceptance » to send back to me before **9 of September 2010**.

We offer 12 positions in our board : president, two vice-presidents, treasurer, secretary, second secretary, six membres.

The conditions to candidate are : to be a member of ICOM (with payment of current cotisations), to be a voting member of committee Cimuset, to be presented by another Cimuset voting member, to accept the nomination.

For members of the past board you can have only two terms (six years) in the same position (but you can change of positions or become president), totally it is not possible to stay continuously in the board more than twelve years (personnaly I am arriving at the end of that possibility).

Two more points : we are not supposed to have two members of the board coming of the same country, it can be also important that candidates are sustained by their institution in order to have the capacity to take in charge their travels for meetings.

The possibilities of vote will be : in Shanghai during the meeting, by mail or through a proxy, it will be detailed with the list of candidates in September.

I hope we will have many candidatures, showing the great interest of members for a very active Cimuset.

Don't hesitate if you want more informations.

All my best regards

A handwritten signature in black ink, appearing to read 'B Blache', is written above a long, thin horizontal line that extends to the right.
